Silas Armitage, Newmarket, will be 96 years old on Monday, Feb. 26. His age doesn't seem to bother him much, as he still tends his own furnace and shovels his own snow.

Garbage Collection For Town Approved At Council Meeting

A report urging the adoption of a municipal garbage collection, paid for through taxation, and carried out by contract with the town was made by George M. Byers to the Newmarket town council Monday night at the regular meeting in the council chambers.

A resolution was passed instructing the bringing in of a by-law covering the report at the next council meeting.

The resolution instructed that the cost of garbage collection for factory and commercial premises be paid monthly by these premises and the cost of garbage collection for all other premises be covered by general taxation.

"Your committee recommends that a municipal garbage collection be instituted and that a contract for collection be let by tender," Mr. Byers reported. "There was some doubt as to how best to finance the collection but the committee decided on general taxation."

"The committee is satisfied that a contract between the town and a collector is the logical way to operate. At the same time, it allows the town to retain control over the collectors and will enable the town to enforce proper handling of garbage. The committee will meet with the finance committee to settle the actual details of the financing."

"Did you know that garbage rates had been raised from 50 to 75 cents in some cases?" asked N. L. Mathews, K.C., town solicitor.

Following the presentation of a petition from residents on Andrew St., the council instructed the chairmen of the property and roads committees to investigate the possibilities of extending Lorne Ave. south from Eagle to connect with Andrew St.

PROUD RECORD OF RED CROSS SEEN IN WORK

By Miss Leonora Starr

The sixth annual meeting of the Newmarket Red Cross was held in Trinity United church on Tuesday afternoon, Feb. 19.

After singing "The King, Dr. L. W. Dales, mayor of the town, welcomed Mrs. Arthur Ellis, past president of the Ontario division, to the town. Dr. Dales praised the work of the Red Cross and said it had passed another milestone. The speaker said there is work to be carried on by the Red Cross in peace time projects right here at home. "Teach the young to find something to do and delinquency could be curbed and the empty hours filled with recreation," he said.

Mrs. W. R. Stephens said in her address that throughout the last six and a half years, the work of the Red Cross had gone bravely on. The speaker thanked those who had helped with the knitting, sewing and the doctors and nurses and all others who had helped to make the Blood Donor Clinics a success.

The secretary, Mrs. Eugene McCaffrey, said 2,100 articles of sewing had been shipped since January, 1945. The visiting committee had visited the military hospital until December, 1945.

The report of the entertainment committee, sent by Mrs. R. L. Pritchard, was read by the secretary. Since it began work in 1940, \$2,838.84 has been raised.

The treasurer, Mrs. W. L. Bosworth, gave her report showing that the Newmarket Red Cross had raised \$1,287.56 during 1945.

The Blood Donor Clinic report, sent by the secretary, Miss C. Smith, was read by Miss E. Holladay. The clinic opened in February, 1943, with a six-bed clinic and closed August, 1945, with a 12-bed clinic. Twenty-two civilian clinics were held and five military. Total number of successful donors was 3,333.

Mrs. W. A. McCaffrey reported that 293 knitted articles had been shipped this year including 51 sweaters.

The secretary reported that 533 articles of clothing had been shipped since 1939 and 6215 knitted articles. Three thousand hospital dressings were shipped although this work has not been carried on for some little time.

Mrs. Arthur Ellis then spoke to the speaker said Red Cross is not an organization only for war. It is an organization for peace as well. Since 1914-1918, the Red Cross has stood for the promotion of health. It may mean eggs and milk or vitamins, teeth or glasses. It may mean shoes and it may mean moral health. This year we are going out for a drive for members only. Every man or woman no (Page 10, Col. 3)

ARTISTS TO MEET

A second meeting with the intention of forming a Newmarket art club will be held in the room behind the council chambers over the firehall on Tuesday, Feb. 26, at 8 p.m.

FORMER NEWMARKET LADY DIES IN TORONTO

Emily Louise Lundy Smith, widow of Alfred J. Smith, who predeceased her Oct. 11, 1920, died in Rummymede hospital, Toronto, Feb. 13. The daughter of the late Mr. and Mrs. Joseph Lundy, she was born in Newmarket Sept. 8, 1876, and was married Dec. 20, 1898.

Identified with the Presbyterian church, her chief interest was knitting. She is survived by six sons, Milford, Roy, Harcourt and Jack of Toronto, Ross of Barrie and Harold of Niagara Falls, and one daughter, Mrs. Stuart Pegg (Geraldine), Sharon, a sister, Mrs. William Eves, Newmarket, 15 grandchildren and one great grandchild.

The funeral service was held in the chapel of Roadhouse and Rose on Feb. 16 with interment in Queensville. Rev. Hugh Shannon conducted the service. Pallbearers were R. L. Boog, E. E. Smith, N. A. Smith, Cameron Eves, Wesley Eves and Ivan Eves.

HURT IN ENGLAND

Mrs. George Hawtin, formerly Miss Kit Cane, Newmarket, was involved in a motor accident recently, a car suddenly backing up and knocking her to the ground. She and Mr. Hawtin now live at 38 Harvard Road, Newbury, in Berkshire, England. Many Newmarket boys visited her during their stay overseas, and one and all give glowing accounts of her many activities in war work. Miss Mabel Davis of Newmarket is also a frequent visitor at their home. Mrs. Hawtin writes she is in a cast from her waist down and will be confined to her bed for eight weeks or more.

VETERANS MEET

The Newmarket veterans will be meeting Friday night in their club room on Botsford St. All discuss important business. All veterans are urged to attend. Last Sunday veterans paraded to Trinity United church to hear Padre Sidney Lambert, Christie Street hospital.

18 Tons Paper Salvage Collected By Boy Scouts

H. J. Luck, chairman of the town committee of the Newmarket Boy Scouts, reports a successful salvage collection the last two Saturdays with approximately 18 tons of paper salvage being collected by the boys.

Expressing appreciation to the citizens for "their splendid cooperation and support," Mr. Luck said that the proceeds will be used entirely for purchase of equipment and the provision of recreation facilities for the boys.

"We would ask that the businessmen and public generally save their paper salvage for the next collection so that this work can go on."

Mr. Luck continued: "If you are interested in the prevention of youth delinquency, help us provide the necessary means without expense to yourselves by saving your salvage for the next collection."

CAMP, VETERANS MEET TONIGHT IN FINALS

Newmarket camp and Newmarket Veterans meet tonight in the best of two of three games to decide that Newmarket championship. The winner will meet the winner of the Ballantrac-Zephyr series now playing in Aurora to decide the championship of the district. The camp-vet games will be played tonight, next Tuesday, and next Thursday, if a third game is necessary. A sell-out is expected at the Newmarket Memorial Arena by Manager Les Beazer. Games start at 8 p.m.

MRS. ROBERT STOREY PIONEER OF PERTH

Mrs. Robert Storey, widow of the late Robert Storey, passed away on Thursday, Feb. 14, at the home of her daughter, Mrs. A. M. Colville, Pleasantville.

Born 93 years ago, her parents, David and Isabella Hogg, were pioneer settlers in Perth, Lanark county.

Mrs. Storey had the opportunity to watch the growth of Perth from a tiny settlement in swampy land to the beautiful town of today.

Following her husband's death she lived for 18 years in Brockville, coming to Pleasantville 25 years ago with her daughter and son-in-law.

Mrs. Storey, a member of the Anglican church, had been unable to attend services for many years.

The funeral service was held at the Roadhouse and Rose funeral chapel on Friday afternoon. Rev. Mr. Warren, Aurora, officiated. Interment was at Elm-grove cemetery, Perth, where her husband and parents rest.

FOLLIES HAS FULL HOUSES ON BOTH DATES

The second edition of the Newmarket Ice Follies had a successful two nights last week with sell-outs reported for both Thursday and Friday. Sponsored by the Newmarket branch of the Women's Institute, and directed by the manager of the Newmarket Memorial Arena, Les Beazer, the Follies were presented with a cast of local talent which vied with the best of the professional shows.

For a while on Thursday, it appeared that the show would not be able to go on as scheduled when a freak thaw softened the ice surface and threatened the decorations. With the temperature dropping steadily through the day, however, Mr. Beazer and his assistants were able to lay on a new ice surface and the show went on as planned.

The proceeds of the show will be used by the Women's Institute for the maintenance of the supervised rest-room that was opened recently. The rest-room was originally financed in part by the proceeds of last year's show.

A feature of the night was a number in which Harry Hill and Stan. Winger skated through burning hoops. A last minute addition to the program, the number received a big hand from the audience. Chickery-Chick, another stand-out, featured Maureen West as Chickery-Chick. Colleen Cain, as the Duckling, Ronny Eves as the rooster, and Donna MacKenzie as the Little Hen. Ronny Eves and Delbert Gibney kept the show going as clowns between numbers.

EXPECTED TODAY

Capt. W. O. Noble is expected to arrive in Newmarket this afternoon from overseas. Enlisting in June of 1942, he was attached to the Canadian Dental Corps overseas after serving in St. Thomas two and a half years with the R.C.A.F.

N.S. Lieut. Florence Chantler, daughter of Mr. and Mrs. Fred Chantler, Newmarket, is also expected home.

Cpl. Ivan Ruddock, son of G. H. Ruddock, is expected home this week after three and a half years overseas during which time he served in Germany, Holland and France. He enlisted four and a half years ago.

Mrs. C. E. Moffat Dies Suddenly Monday

In poor health for several years, the death occurred of Mrs. C. E. Moffat on Monday at York County hospital after an illness of two days.

Margaret Lennox was born in the Township of Mulman in 1873, the daughter of Mr. and Mrs. Benjamin Lennox. She married C. E. Moffat on May 30, 1902. A member of Trinity United church, she took an active interest in the church and hospital auxiliary work. Of a cheerful disposition, she made many friends.

Surviving besides her husband are two sons, Charles H., Newmarket, and Lennox A., Toronto, three brothers, Henry, Toronto, John, Creemore, Norman, Brandon, Man., and two sisters, Mrs. A. Spiller, Barrie, and Mrs. J. Buck, Toronto.

Rev. H. Cotton conducted the service at the chapel of Roadhouse and Rose on Wednesday afternoon. Interment was made in Newmarket cemetery.

The pallbearers were Dr. J. R. Lockhart, J. O. Little, T. F. Doyle, T. Bolton, W. C. Lundy and Wm. Ayres.

WANT UNIFORMS

The Scout Mothers Auxiliary would like all Scouts and Cubs who have uniforms or parts of uniforms for sale or exchange to phone the president, Mrs. Whel- and, at Newmarket 793w.

C. R. Blackstock To Chair Council On Town Recreation

Representatives of recreation organizations in Newmarket elected C. R. Blackstock, Pickering College, as chairman of the executive of the Newmarket Community Recreation Council at a meeting Tuesday night in the council chambers. A proposed constitution was also adopted with the exception of one clause, that dealing with membership, which was returned to the executive for further discussion. A copy of the constitution appears on page 2.

Other members elected to the executive are: hon. chairman, Capt. Aubrey Davis; hon. vice chairmen, Jame Law, John Bowser, G. L. Manning and Mayor Dr. L. W. Dales; first vice chairman, Mrs. Caroline Edwards; second vice chairman, Dr. J. Gordon Cock; sec., John A. Meyer; assist. sec., Phyllis Osborne; treas., George Phimister; equipment, R. C. Morrison; facilities, W. H. Bell; program, Fred L. Hall; publicity, Mrs. N. L. Mathews.

The constitution provided for the name, The Newmarket Community Recreation Council, and set forth as its aims the provision of more extensive recreation facilities and encouragement of wider participation. The constitution provided for an executive and a council with the executive responsible to the council for its acts.

The membership clause which was rejected, read as follows: "The council shall be made up of a representative from any existing organization interested in recreational activities." The objections appeared to be based on two issues, distribution of voting power, i.e. would a large organization have more votes than a smaller one; and whether or not being a representative of an organization would prevent membership by those interested in the work of the council but not acting for any organization.

HALL'S KIDS BOW OUT OF MIDGET BATTLE

By ORVILLE GANTON

Aurora made a clean sweep of district midget honors by defeating Fred Hall's kids 9-6 at Newmarket on Tuesday after a 2-2 tie game in Aurora on Monday.

Newmarket proved conclusively by their come-back effort against both Sutton and Aurora that they are a vastly improved crew from the one which opened the season.

However, Aurora on the entire season's play, deserves to carry the banner into the third round of the O.M.H.A. playoffs. It is a well balanced and well coached gang of young puck chasers. The whole district should be behind them in their quest for O.M.H.A. silverware.

HORT. SOCIETY NAMES COMMITTEE MEMBERS

At a recent meeting of the Newmarket Horticultural Society, the following members were chosen to the various committees:

- Show committee: Ed Brammer, Chas. Harman, James Gibney, Howard Proctor, Miss Lois Cane, Mrs. Ed Brammer, Mrs. Charles Harman, Wilmet. Harden, Dick Hugo, Frank Hastings;
 - Civic improvement committee: Eugene McCaffrey, Rudy Renzius, A. D. Evans, George Hoare, John Daly;
 - Membership committee: all officers and directors, President Eugene McCaffrey, chairman;
 - Purchasing committee: James Gibney, Ed Brammer, Jack Le-godd, Charles Harman;
 - Juvenile committee: Dick Hugo, Rev. H. Cotton, H. A. Jackson, Rudy Renzius, Miss M. Denne, Wilmet. Harden, Bernard McHale, F. Hall, Eugene McCaffrey;
 - Program committee: Bernard McHale, Rev. H. Cotton, Miss Lois Cane, Orley Hayes, Mrs. Ed Brammer, Miss Hilda Tumelty.
- Committee to appear before council: Eugene McCaffrey, Dick Hugo, Rev. Henry Cotton.

Must Keep Price Ceilings Until Output Up, Rally Told

"Labor must insist that price ceilings be retained until production of consumers' goods reaches pre-war levels," Mrs. Mabel Maines of the U.A.W.-C.I.O. told a large rally of local furniture workers in the Boy Scouts' hall Tuesday. "Women must organize and back up their men folk if they really want better homes, nurseries, kindergarten and other essentials for a happy community," she argued.

"I would hate to work in a non-union shop again," said James Cullen, former Newmarket boy who now presides over Oshawa and District Trades Council. "Collective bargaining is the only sane and sensible means of negotiating differences between management and workers. It is also the only medium through which many evils in our economic system can be corrected." He explained in detail how it functioned smoothly in the plant where he is now employed.

Bill Noble of the Workers' Educational Council outlined various educational facilities now available to the unions and in his opinion very badly needed.

Don. Rawlings, national president of Aircraft and Furniture Workers, gave a brief talk on organizing.

RESULTS — ONE WAY OR ANOTHER

The announcement that state secrets are being passed on to a foreign power, said to be Russia, has provided an excellent excuse for many to put on a long face and ask "how soon before the next war?" Heaven knows that in this troubled world there are all the makings for war without end but the disclosure of an espionage ring operating in Ottawa is not itself sufficient cause for such worrisome enquiries.

That Russia should be named is not surprising. The Russians have time and time again shown that their relations with other nations can vary from diplomacy on the friendliest basis to bullying tactics reminiscent of the Nazi regime. The Russians seek only results. If they can't be had in one way, another will be tried with no attention to the morals of the methods employed.

To be indignant, then, because of such perfidy on the part of a nation which we consider an ally is a waste of time. Canada has certain knowledge. Russia wants that knowledge. Since there was apparently no intention to impart it to Russia, that nation sought it in other ways. From our point of view, it was a shameful act by a nation which is considered friendly. But as said before, the Russians are more concerned with results than with the method of obtaining the results.

Perhaps the most startling development of the investigation is the implication of Canadian civil servants. To the best of our knowledge, it is without precedent. We have learned to look upon the civil service as the very embodiment of loyalty. If men in that service betray that loyalty, who then can Canada trust?

Through its natural resources and wartime developments, Canada has reached first-rank importance in world affairs. Canada has tremendous influence which must be used to promote international peace. At the same time, Canada, because of its prominence, must learn a new vigilance, a new awareness of its position, if she is to continue to exert that influence.

FIRST THINGS FIRST

At a time when efforts for international peace and security are meeting with discouragement, the words of Sir John Boyd Orr, director-general of the Food and Agriculture Organization, are worth considering. Sir John said:

"Each nation has accepted the responsibility, which indeed must be the responsibility of any government, to provide as far as possible food and a health standard for all the people it governs. But something new has arisen. All the governments have agreed to co-operate in a great world food scheme which will bring freedom from want of food to all men, irrespective of race or color.

"I ask you for a moment to consider what the great results will be, in the first place, disease and misery and premature death, which afflict the majority of people of this planet, will to a large extent be replaced by health, by happiness and by life. But other results will follow. . . We must increase the production of important foods. In many cases, that production must be more than doubled. This will bring prosperity to agriculture. There should be no slump in agriculture after this war, such as after the last war. . . But, sir, we do not do these things because they bring prosperity, but because they are right. We have now reached the stage, I hope, when we realize if we put first things first and do the things we know to be right, a great many social, economic and political difficulties will disappear.

"Mr. Chairman, I am almost tempted to say that if this organization succeeds it will perform a miracle. Well, we are living in a day of miracles. We performed them during the war, and one of the most important of all was getting nations to co-operate for the achievement of one great aim."

SLOWLY BUT SURELY

Three meetings have been held and with each one, Newmarket has moved closer to the realization of a community recreation council. Tuesday night, an executive was elected. A constitution, with the exception of the membership clause, was adopted.

It would appear that progress is slow, yet, if the community recreation council is to be built on a firm foundation, slow but sure progress is more effective than swift and uncertain organizing.

In the course of the three meetings, numerous objections based on misunderstandings, or fear

that the autonomy of existing organizations would be interfered with, have been raised. This is certain. The Newmarket Community Recreation Council is not being formed to take over, to direct, to control or in any way to exercise authority over existing organizations. The recreation council is for support and co-operation, not to control.

What Others Think

THE FARMER'S TRIBULATIONS

(Fort Erie Times-Review)

Just what havoc was wrought on fruit production in this province by last year's unseasonable weather, is disclosed in the latest monthly crop report of the Ontario department of agriculture. Decreases running as high as 81 percent (in case of plums), compared with 1944 yields, are recorded. The production of apples declined from 873,300 in 1944 to 183,200 barrels in 1945. Other declines were: cherries, 140,000 bushels to 41,200; peaches, 1,174,000 to 832,900; pears, 372,000 to 46,800; plums, 144,200 to 27,400. Raspberries declined only slightly from 4,522,000 quarts to 4,436,800.

To some extent, higher prices compensated for the lower yields; but the total farm value of all fruit crops, which was \$12,379,800 in 1944 dropped to \$9,683,700.

Besides explaining why there was so little fruit of any kind in retail stores last summer, these figures serve as a reminder of how much a farmer's prosperity depends on the weather. There are some things he can do to mitigate the effect on certain crops of a dry spell; but if it is prolonged unduly, he cannot prevent a severe, or even a total loss.

Truly a farmer must be something more than a good agriculturist. He needs, also, the patience of Job, and the temperament of a philosopher.

CAMPAIGN HAS SINISTER POSSIBILITIES

(Orillia Packet and Times)

The sinister aspect of the campaign against Christian morality being waged by Gen. Brock Chisholm is that such ideas find a ready sympathy with those who are relieved to be freed from the fetters of conscience, built up by centuries of civilized tradition. Ideas of that kind have a habit of spreading like a plague. Behind the German belief in their racial superiority and their ambition for world domination, as manifested in the Great War that broke out in 1914, were the teachings of Nietzsche, Treitschke and Bernhardi, names scarcely ever heard now, but all too familiar in the early decades of the century, and personalities all too powerful in arousing German conceit and will to "world domination or ruin." We see today where that doctrine landed the German Empire. There is, in fact, a close similarity between the philosophy of Nietzsche and that of Gen. Chisholm. The German taught that the values of Platonic and Christian civilization, the good, the true and the beautiful, were life-arresting, and moreover quite illusory, for there was really no instinct towards goodness.

Gen. Chisholm, however, departs from Nietzsche in that he argues that the poisonous certainties fed us by our parents, our Sunday-school and day teachers, our politicians, our priests, our newspapers and others, together with the conviction of sin, have led to war. But it is surely clear that the warlike nations, which have plunged the world into the past two conflicts, are precisely the ones that have cast aside the moral handicaps of a sense of right and wrong. None of the nations that adhere to the moral code had any tendency to engage in war. They only fought in self defence, against the aggressions of the amoral powers. And today the menace to world peace comes from the power that has openly attacked God and the church, and which contemptuously declines to be bound by written treaties or spoken agreement when these hamper its ambitions. But for Russia's attitude the world could afford to practice disarmament and devote its energies to bettering the lot of mankind.

Gen. Chisholm's remedy for war is an education based on psychology, sociology and a simple psychopathology, subjects which he would introduce into the primary and secondary schools, leaving religion, amongst other subjects, to the universities. In this he is at direct variance with Sir Richard Livingstone, the eminent educationist whose work we have recently been reviewing. Gen. Chisholm contends that "intelligence is man's only specific weapon for survival." On the other hand, Dr. Alexis Carrol, a scientist and philosopher of far higher standing than Gen. Chisholm, asserts that "to those who constitute the multitudes of industrial civilization, moral sense is far more necessary than intelligence. Intelligence is almost useless to those who possess nothing else." What is as plain as a pikestaff is that it was not the lack of intelligence that impelled the German ruling class to war, either in 1914 or 1939, but a lack of moral sense. And the same is true of Russia's leaders today.

A well known writer has said: "Psycho-analysis is the greatest enemy of the human race." There are, however, various schools of psychiatry, between which, we are told, there are wide differences of opinion, so that this statement is an indiscriminating attack on what can be a useful science. But the brand of psychiatry that Gen. Chisholm is promulgating might be considered to lie open to the charge. What is certain is that to reduce moral standards by destroying the definitions of right and wrong will do infinitely more harm than has ever been done by the custom of letting children imagine that Santa Claus comes down the chimney.

Young Hopefuls

By DOROTHY MUIR BOWMAN

Sex Education

This education begins with the toddler and has four objectives: 1. Providing the child with adequate information when asked for it. 2. Building up a healthy attitude — willing acceptance of social requirements. 3. Building up for marriage responsibilities. 4. Best place to find out things is at home with own parents.

The young child has a healthy curiosity about sex if his questions concerning it are treated the same as other questions. The adult's attitude is so important. It is necessary to satisfy the child's curiosity by a straightforward answer. If he doesn't ask questions, give him reason to be curious about—Where do babies come from? What is the difference between boys and girls? What are the names of the parts of the body? It is not innocence but ignorance not to know the answers to such questions. Before the children start to school they should know the answers from their parents so they won't get them from unreliable sources.

Parents should be willing to accept their responsibility. 1. Tell what the child wants to know. 2. Tell when the child asks. 3. Tell a little at a time and be able to repeat often. 4. Both parents should tell.

Books can help at a later date but can't take the place of a family discussion. Sex education should be strictly a family matter just as finances are only appropriately discussed within the family circle.

Fear

Fears are an inherent part of the make-up. The infant child has few at the beginning. Noise, loud and sudden, produces an emotional disturbance; falling; sudden pain; and anything that is sudden are his only fears. Two years later a dozen or so fears are acquired; fears relating to objects, people, animals and other specific things. The child may be afraid of objects because of their association with former fear. Fears are catching. To instill fear in a child as a method of discipline is using fear as a weapon. Never use fear as a method of discipline. Fears result from lack of knowledge or understanding. A vivid imagination is almost always behind fear of the dark. Children are often afraid of imaginary persons and animals. The child's world expands faster than he can comprehend. His world is filled with many puzzles. Fear is built on ignorance. Once the situation is understood and coped with, fear leaves except to linger from habit.

Childish fears shouldn't be ridiculed. Don't tell the child, "It is silly to be afraid." The child then represses his fears. It is desirable to prevent development of serious and too many fears. For prevention and treatment of fears:

1. Help understand or promote knowledge and experience which help make the child more immune to fear. Give the foundation for coping with situations.

2. Development of skills. It is more realistic and healthier to have a child practice climbing, etc., in as safe a way as possible. Bars and fence posts in a junior jungle gym provide opportunities for him to learn how without fear but with understanding and caution.

3. Necessity of avoiding constant caution. The child might become a timid, shrinking, nervous individual if he takes the advice or he may become the type that soon doesn't hear the repeated words of warning. Sometimes caution is really necessary so don't caution about everything.

4. Necessity of preparing the child occasionally in cases such as the dentist's office or the doctor's office. That doesn't mean to be untruthful; it means preparation in terms of understanding.

5. Building up of solid confidence between child and parent. The child needs a solid feeling of security. The secure individual is less liable to fear. The child goes to his parents to get his fears understood. There is no place for ridicule. We must try to understand in terms of the child's experience, not our own. To present fear frequently isn't valuable unless there is an understanding built up and skill acquired in coping with the situation. The best thing for the eradication of fear is to do something. Social imitation is a good way to deal with the situation. (Let the child see other children the same age or older play with the fear-producing dog.) Any experience which produces fear should be talked about with reference to its good features.

PROFILE OF A NIMROD

By ORVILLE GANTON

King township is the birth place of many famous persons, men who have prospered and become influential, but none who enjoy life more than Charles "Kid" Harmon, ex-idol of Aurora's sporting fraternity. He believes that all there is to living is to function and that very little is needed to make a happy life. Give him a dog and a gun and he will while more happy hours away than some would on a Cook's tour around the world or winters spent in Florida.

Kid was reared in Aurora. As a boy he bred pet stock; his "angora" pigeons and "fantailed" rabbits were the envy of every kid in town. He was educated in Aurora schools but before he could read The Little Red Hen, he knew how to trap a ball in his guard to get around a defenceman, what part of a player's anatomy was free of pads and thus vulnerable to the willow and other valuable lacrosse lore handed down from the old Indian tribes.

He became one of Aurora's best all round athletes. In 1929, he helped Toronto Maitlands win the senior lacrosse championship. He played goal in hockey and was as impregnable as Stalingrad for Aurora's trolley league champions.

He seems to find time for everything. One of his finest accomplishments is growing flowers. Prize lists of the local flower shows make it appear as though he either knows his onions about gladioli and iris or else one of the multitudinous Harmon clan always does the judging.

His brother, Clifford, has served 18 years on Oshawa's city council which must be a record for tolerance and popularity.

But hunting is Charlie's favorite pastime. Jack rabbits, bang! Like a dog, he hunts them in his dreams. Some years ago, for the edification of some local yokels, he was describing the size of a certain species of Glenview rabbit that he had shot. One of his starchy-eyed audience innocently asked how he managed to get the carcass home. "Getting that rabbit home was one of the biggest thrills I ever got out of hunting," explained the mighty hunter without a hint of a smile. "Say," he said, warming up to his subject, "it was a picture to see Chum Black with that beautiful prize team of Percherons hauling that big jack rabbit down the main drag on a stoneboat."

Advertisers— Our circulation is your Audience

If you were going to buy the privilege of talking to a theatre audience about your business you would want to know all about the audience. How many people? Where do they live? How much did they pay to get in? The answers to these questions would have a bearing on the value of the audience to your business.

THESE are the things you want to know about the people who read your advertising too. In the circulation of this newspaper we offer you an interested audience of people who can use your merchandise and service.

Just as a merchant buys and sells merchandise on the basis of known standards of quality, weight and measure, so are we prepared to tell advertisers all about our circulation.

That's why we belong to the Audit Bureau of Circulations—to give our advertisers a verified count and description of the audience that they get when they buy advertising in this paper. There are definite standards for advertising values as well as for merchandise. We believe that newspaper advertising should be bought and sold on the basis of these standards.

The Audit Bureau of Circulations is a national, cooperative association of 2000 publishers, advertisers and advertising agencies. The Bureau has a staff of skilled auditors and once a year these men visit all publisher members and make a careful audit of their circulation records. The information from these audits is then issued in reports which are available to advertisers.

Only through these A.B.C. reports can you get verified facts and figures about the audience that you will talk to when you buy advertising space. They are your assurance that you will get what you pay for because they describe and analyze net paid circulation—how large it is, where it is, how it was secured. Protect your advertising investment by using these A.B.C. reports.

This newspaper is a member of the Audit Bureau of Circulations. On request we shall gladly furnish a copy of our latest A. B. C. report.

T. Burke, secretary of the Ontario provincial command, and E. S. Evans, second vice-president of the Ontario command.

The following officers were installed: president, John Oliver, Jr.; first vice-president, Alvin Dike; second vice-president, Alex. MacLean; sergeant at arms, Howard Morton; chaplain, Geo. Price; treasurer, Morley Case; secretary, Geo. Calver; executive committee, Karl Lees, George Taylor, Wm. Couper, Woodrow Graves and James Storach.

After the ceremonies, Comrade Evans addressed the meeting and his talk was listened to attentively and enjoyed by all. He told the veterans of this war

HOLES THAT COST \$15,000,000

Holes like these shown in this picture are in a part of a side of leather made from cattle hide. They are caused by warble grubs and mean a loss to Canada in hides and meat estimated at about \$15,000,000 yearly. Warble grubs can easily be controlled by the application of a warble wash at a cost of as low as two cents per animal, says the dominion department of agriculture. It will soon be time for farmers to begin applying the first of three applications of the wash.

that they were in a far better position as far as organization went than were the veterans of the first Great War as there was no veterans' organizations for them to go into when they came back, and so were helpless to get anything done for them in the way of legislation. Several organizations later came into being, he said, each with the same goal in mind, the betterment of the returned man, but each one going in different ways to obtain them. Not until the Canadian Legion was formed in 1925 and absorbed the existing organizations was any real purpose of unity acquired and legislation of any real benefit enacted, he stated.

Mr. Evans urged all veterans of this war to get into the Legion and said that with the knowledge and experience of the old vets. to guide them and a total membership of some 385,000, their voices would be heard and listened to. Of all the veteran legislation enacted since 1925, he said, the Legion had advocated 99 percent of it.

A Message from the Life Insurance Companies in Canada.

THE ladies sometimes like the dim, flattering light of candles. But most people, even if they could get far greater illumination from candles at far less cost, would prefer electric light.

Considerations of health, comfort, convenience, cleanliness and safety, have become more important to the modern way of life than the factor of cost.

Nevertheless, it costs money to survey new power sites, harness waterfalls, and build transmission lines, so that when you flick a switch or set a thermostat you can be sure of light and heat at your fingertips. Quite possibly a part of your own Life Insurance premium has been

Urge Greater Support For Jersey Show, Club Sale

Meeting in the agricultural office at Newmarket, the Jersey breeders of York exceeded previous records of attendance by 50 percent which was in keeping with the marked increase of membership. During the morning session, A. C. McTaggart of Don Head Farm gave the presidential address urging the members to give even greater support to the club in 1946, particularly with reference to the Jersey show and club sale at Richmond Hill.

The secretary, W. M. Cockburn, reported the membership more than doubled in the past two years with 80 members in 1945. R.O.P. fees were refunded to two members whose herds had completed record of performance tests for the first time.

After the lunch served in the board room, C. D. Graham, director of extension for the Ontario department of agriculture, gave an inspiring address on taking an inventory of our opportunities at the beginning of the year.

It was decided to again hold a county Jersey show at Richmond Hill on May 24 and that the club picnic discontinued during the war be revived.

The officers and directors for 1946 are as follows: pres., A. C. McTaggart, Richmond Hill; vice pres., H. H. Barber, Gormley; sec., W. M. Cockburn, Newmarket; directors, W. R. Chapman, Queensville; David Doane, Newmarket; Norman Bagg, Edgeley, and A. G. Little, Markham.

Holstein Club Reports One Of Best Years Yet

The annual meeting of the York County Holstein club, held recently at Richmond Hill, brought out 140 to hear the fine reports of accomplishments for the year and elect their directors for 1946. President Raymond Clarkson of Weston and Secretary Roy Barker of Woodbridge reported one of the best years in the history of the club which was organized in 1913. There was a total of 113 members for the past year and over 80 attended the morning session and enjoyed the picnic style lunch at noon.

In the afternoon, Geo. W. Henry of Todmorden, local director of the Canadian Holstein Association, and District Fieldman Roy Ormiston of Brooklin, reported on the work of the parent association. The guest speaker, Dr. A. L. MacNabb, principal of the Ontario Veterinary College, gave a clear outline of the calfhood vaccination work being sponsored by his institution. Following his address, the newly elected directors met to elect the officers for 1946 as follows: pres., Cameron Boake, Downsview; vice-pres., Earl Rishbrough, Woodbridge; sec.-treas., Roy Barker, Woodbridge; auditor, W. M. Cockburn, Newmarket; directors, Stewart Chapman, Weston; Jim Darling, Markham; Walter Reesor, Markham; Albert Rutherford, Woodbridge; Lloyd Turner, Stouffville; S. B. Watson, Agincourt; Doug. Wellesley, King; Bruce Watson, Woodbridge; Norman Porter, Thornhill; Ed. Whitaker, Downsview; Jack Wauchope, Schomberg.

Feb. 14. Valentines, games and lunch were enjoyed by all.

Blossom Portingale spent the weekend with relatives in Toronto.

Our Main Job

WE are clearing up deferred orders for telephones as quickly as it can be done.

Over 50,000 telephones have been added since V-E Day—the increase in the last four months of 1945 was greater than in the preceding eight months.*

Our programme for 1946—for buildings, switchboards, wire and cable, subscribers' equipment, long distance and rural service—will cost upwards of 30 millions.

Today more than a million Bell telephones are in operation—but it's still not enough. Our main job is overtaking deferred orders for service. That means not telephones alone, but buildings, switchboards, wire and cable. We are moving full speed ahead.

There are 275,000 more Bell telephones in service today than when the war began. More were added in the six years of the war than in the twelve previous years.

POT POURRI

By GOLDEN GLOW

What hundreds of things surge through my mind when I am busy and can't sit down with my pen to put them on paper! Then when you do get your chance to write, your mind is a blank and to your dismay you can't recall a thing. No doubt we all have such experiences—and that is exactly what has happened to me.

Here I am, sitting down for a rest—with a few moments before me, to write a small article for next week's paper and all I can recall of what was in my mind is an item I saw in an old magazine (and believe me it must have been good and old) where it said that Butter was used (yes I used capital B on purpose for butter needs to be spelled with a capital B these days)—oh yes—that Butter was used as payment to Parisian laborers, one pound for a day's work.

I don't think I'll comment on that item, it speaks for itself! It must have fastened itself pretty firmly in my mind when everything else has vanished like morning dew.

Isn't it delightful to hear of so many boys overseas sending bulbs home from Holland—or bringing them when they come? Hyacinths, tulips, narcissus. I think it is especially thoughtful of them since bulbs have been so scarce these past years of war. What pleasant surprises the returning men from overseas are giving their home folk with all their beautiful gifts.

But speaking of bulbs recalls to my mind that about two centuries ago the first carrot was brought from Holland to England by a sailor who thought it was a tulip bulb. Did I say two centuries ago—oh no, it was longer ago than that—if we count 100 years a century for that was in the fifteen hundreds. And I suppose the sailor thought that tulip bulbs were good to eat—he probably had eat carrots thinking they were tulips.

History is repeating itself for now, on the continent, the people are eating tulip, hyacinth and narcissus bulbs where they cannot get food. And that again reminds me, speaking of vegetables, that February was called "Sprout-Kale" by ancient Anglo-Saxons because at that season of the year cabbage began to sprout.

Now what started me thinking about vegetables—it is a decidedly interesting subject but you'll think me an advertisement for a seed catalogue if I keep on—and yet what is more interesting than that same seed catalogue this time of the year—tell me that (as Amos used to say to Andy in the Amos 'n' Andy broadcast)?

Why, bless your heart, folks are already starting seeds indoors ready for transplanting in the spring! And in a very short time home-grown asparagus will be on sale. Once a person told me they did not like asparagus and I said it seemed queer because I thought everybody else did—but when she went on to explain that she had never tried it and she had a root in her garden and a neighbor said why didn't she try it and know whether she'd like it—so she said she broke off a few branches, some had red berries on them, and cooked it for half an hour—but she couldn't eat it! No wonder! I don't think any of us would like asparagus under those conditions—or should I say under that mistaken idea of using it after it had gone to seed and grown up into a young tree.

If you have hesitated about renting a part of your home, read these experiences of others who have patriotically responded to the call!

RENT LIVING SPACE TO VETERANS!

Now that winter is here veterans all over Canada are seeking accommodation for themselves and their families, while many homes have unoccupied space that would satisfactorily fill their needs. In this time of emergency, the goodwill of citizens who have such space can assist greatly in providing family accommodation for these young Canadians who ensured our freedom on battle fields all over the world.

Here are the things you can do to assist Canada's veterans:

1. Advertise your available accommodation in the newspapers.

2. List your space with your local branch of the Canadian Legion or other veterans' organizations, or list it with a real estate agent.

By doing this, you will assist in the rehabilitation of service men and you will receive regularly a fair rental for your premises.

LANDLORDS! LANDLADIES!

All who regularly rent apartments, rooms and other accommodations are also asked to co-operate in this housing emergency. Give veterans and their families consideration BECAUSE THEY DESERVE IT!

A PATRIOTIC APPEAL

Because our fighting men volunteered for overseas duty and risked their lives to protect your home and your business, you have never been forced to billet troops or civilians either. Even now there is no compulsion. This is purely an appeal on the basis of patriotism and gratitude. Won't you help?

If you have space which you can make available, list it with the Citizens' Rehabilitation Committee, or the local branch of the Canadian Legion; advertise it in the newspapers or list it with a real estate agent.

Inquire at the nearest Rentals Office of the Wartime Prices and Trade Board about five months or less rental agreements. These are exempt from normal Wartime Prices and Trade Board non-eviction regulations, and five months tenancy will help many veterans through the winter.

ONE MORE CHANCE TO WIN DOUBLE PASSES

Thirty-six contestants sent in answers to last week's classified ad contest. Others were either late or incorrect.

Doris Case, at Campbell's Book store, drew the three winners this week. They are: Mr. Boyd, Newmarket, Mrs. John Sheridan, Aurora, and Mrs. Jack Glenn, Newmarket.

These three winners will have their choice of the program at the Strand theatre on Tuesday, Feb. 26, when Ginger Rogers, Lana Turner, Walter Pidgeon and Van Johnson star in "Week-end at the Waldorf," or on Thursday, Feb. 28, when Joan Leslie and Robert Hutton star in "Too Young to Know," and Edward Arnold and Frances Rafferty star in "The Hidden Eye." They may pick up their passes any evening at the Strand theatre.

The correct answers were: chicken, porcelain, recreation, fountains, bathhouse, walnut, overlooking, leather, housekeeping and warming.

THIS WEEK'S CONTEST

With this week's contest, the classified ad contest will be discontinued. Three double passes to the Strand theatre will be given to this week's winners. They may attend the theatre on Tuesday, March 5, when Danny Kaye and Virginia Mayo star in "Wonder Man" and Richard Dix is seen in "Voice of the Whistler," or Thursday, March 7, when Fred MacMurray and Paulette Goddard star in "Practically Yours" and Tom Neal and Ann Savage star in "Detour."

Contestants are asked to send their entries in on a slip of paper two and a half inches by four and a half inches (2½" by 4½"). Only one entry will be accepted from any one household or family and the entry must be in the contestant's own handwriting. Entries must reach The Era and Express office by 9:30 Tuesday morning.

The ten classified words this week have been scrambled and all the vowels have been dropped. Here they are: TKSS, NN, GTDS, RPRFRD, TRNL, KSRC, LG, GRV, VLRC, LCN YRD, LCLTNX, LVBD.

In Memoriam

Fountain—In loving memory of a dear wife and loving grandmother, Eliza Fountain, who passed away February 9, 1945.

"Thy will be done" seems hard to say.

When the one we loved has passed away, Some day, perhaps, we'll understand.

When we meet again in that better land, Lovingly remembered by her husband, Frank, and grandchildren, Muriel and Albert.

Fountain—In loving memory of a dear mother, Eliza Fountain, who passed away February 9, 1945.

No one knows how much we miss you.

No one knows the bitter pain We have suffered since we lost you.

Life has never been the same. In our hearts your memory lingers.

Sweetly tender, fond and true, There is not a day, dear mother, That we do not think of you. Ever remembered, Christine, Roy and family.

Graham—In loving memory of our father, Allen Graham, who passed away February 12, 1944. Calm and peaceful he is sleeping. Sweetest rest that follows pain.

We who loved him sadly miss him.

But trust in God to meet again. Sadly missed by Roy and family.

Rae—In loving memory of a dear husband and father, Walter Rae, who died February 20, 1941.

In that bright eternal city, Where no tears e'er dim the eye,

In the home of many mansions, We will meet him by and by.

Lovingly remembered by wife and family.

Webster—In loving memory of Fred Webster, who passed away February 25, 1945. A faithful husband, one of the best.

May God grant him eternal rest. Lovingly remembered by wife and family.

Whittaker—In loving memory of our darling infant daughter, Carol Anne, who passed away so suddenly February 25, 1945. There are things death cannot take away.

Nor age, nor tears, nor pain, nor cruel care Can harm her now or enter memory's hall.

She that we loved, so beautiful and fair.

From all life's dangers now secure is she.

Lovely she was and lovely she shall be.

Sadly missed, ever remembered by mummie and daddy.

More Than Financial Aid Said Needed By Veterans

Aurora ex-servicemen were guests of members of the Aurora Lions club at a veterans' night dinner held in the basement of the Masonic Hall last Thursday evening.

Ted Evans, vice-president of the Ontario command, Canadian Legion, was the guest speaker and he outlined to the Lions some of the problems facing Canada in the matter of rehabilitation. "I know of no happier combination to work for the good of a community and Canada than that of the Lions club and the Canadian Legion," he said. He urged service clubs to aid in the big job of seeing Canadian veterans had jobs and of caring for the wounded, pensioners and the widows and children of those who had been killed.

"There is a mistaken idea that a pension and other monetary awards are sufficient to pay the debt owing to those who are incapacitated and for the war widow and her children. It is no more than to meet bare necessities and was never meant to be and does not provide enough to meet a decent standard of living," he declared. The success or failure of rehabilitation legislation would determine the success or failure of Canada in the future," he added.

"If we could spend billions of dollars to forge the weapons of war and could train men in a few months to become pieces of human fighting machinery, we can find the money by taxing

the same sources for our peace time needs and can train our boys and girls to fill useful places in civilian life." He pointed out many ex-servicemen had never held a job before and in addition to finding a place in industry and business for ex-employees, it was necessary to find jobs for those who had left school or been out of work when they enlisted. "The time between hero worship and forgetfulness can be as little as 15 minutes," he warned.

Vocational training as at present constituted did not go far enough and was insufficient both by way of training and remuneration while learning, he declared. "Let us approach all our problems with the determination that we can overcome them. The only excuse for man's existence on earth is the good he can do his fellow man."

Mr. Evans was introduced by W. T. Burke, secretary of the Ontario command, Canadian Legion, who was in turn introduced by George Duffield, honorary president of the Aurora branch, Canadian Legion. John Sisman, president of the Aurora veterans, urged the full support of all veterans for the local branch. Lorne C. Lee moved a vote of thanks to the guest speaker. Lions president, Charles Copland, was in the chair.

Each guest was introduced and the list included all branches of the service and P.F.C. Charles W. Smith of the American army.

NO CASUALTIES LISTED AS NYLONS ON SALE

As near as can be discovered, the race for nylons saw no injuries, no queues and no mad scramble in Aurora. In fact what is bothering most Aurora women is the fact that they didn't think nylons were coming to Aurora on Tuesday.

J. R. Ardill disposed of his limited quota by 9.30 a.m. Aurora General Store filled orders filed by steady customers. Rowland's were not open, and Duffield's had not as yet received their expected shipment. The Aurora Five to a Dollar store had a trial shipment which came only in one size and was supplied to customers who had placed orders.

OUTLINE CONDITIONS FOR "SPUD" CONTEST

Rules for the potato club contest sponsored by the Aurora Lions club are now available and farm boys and girls between the ages of 12 and 21 are urged to enter the contest now. There is no membership fee.

Each entrant will be required to plant at least one bag and not more than two of certified potatoes furnished by the Aurora Lions club. In the fall the entrant will return two bags of tablestock to the club. It is hoped to have a minimum number of 25 entrants but there is no limit.

The rules of the Ontario department of agriculture will prevail and the Aurora entrants will be eligible for the Ontario inter-club contest. A second year project is contemplated and all potatoes grown are the property of the entrant. Entries are sought by March 1 and may be left at Aurora with E. H. Soltz, William Morris or Frank Tensdale and at Newmarket with the agricultural representative, W. M. Cockburn.

CYCLING CLUB ACTIVE AGAIN

Meeting for the first time since 1940, the Aurora Cycling club will once again provide healthful recreation for Aurora and district boys. Organized by Jack Offord in 1936, the club quickly caught on in popularity and within a few years fellows like Cliff Chapman, Bob Benville and the Foster brothers were competing on equal terms with the best in Ontario. Weekly road competitions for the Dawson trophy, and the big annual Thanksgiving Day race were attractions eagerly looked forward to by district residents.

Then came the war and almost to a man, those who were physically fit went on active service. Twenty-three members of the club served in the forces and four of these, Doug McKenzie, Johnny O'Connor, Billy Heath and Gert Larson paid the supreme sacrifice.

In March the club will hold a banquet when honor rolls will be presented to those returned from the services and the parents of those who were killed.

Once again affiliated with the Canadian Wheelmen's Association, it is planned to hold regular training sessions and feature races. The big Thanksgiving road race will take place in October. There will be a senior club for boys 17 and over and a junior club will provide action for boys from 12 to 16.

"Every encouragement will be given the younger lads to learn how to ride, both for pleasure and competition, and best of all, how to ride with safety on the highways. Our old members will lend every assistance to the new members," (President John Offord said. Officers for 1946 are: hon. pres., Lieut.-Col. C. R. Boulding; pres., John Offord; vice-pres., Clifford Chapman; sec. treas., George Spence; executive, Dave Mathewson, Tommy Reaside, Don Glass, Don Judd.

Zephyr Blues Defeat Ballantrae In First Game Of Final Tilts

GAME ON TUESDAY

Zephyr Blues and Ballantrae will meet in the second game of their big series at 8.30 p.m. on Tuesday, Feb. 26, at Aurora arena. A win for Zephyr gives them the cup and the right to proceed against the Newmarket winner. In the event of Ballantrae evening the round, the third and deciding game will be played in Aurora on Thursday, Feb. 28.

Zephyr Blues, defending champions of the Aurora mercantile loop, took a big step towards the possession of the Bowser Cup and the right to proceed into the district playoffs when they scored a resounding 5-1 win over Ballantrae in the first game of the best of three finals. It was a complete reversal of form, for on the basis of their previous win during the regular schedule, Herb Simpson's team entered the game as favorites in the wagering, if not with the large crowd.

Ballantrae defeated Zephyr by the same score last time out but Tuesday night the Blues were full value for their win and the Ballantrae boys definitely have their backs to the wall when they meet in the second game on Tuesday, Feb. 26.

Leon Smith, ex-Sutton Green-shirt star who guards the twine cage for Zephyr, turned in one of the greatest goal tending displays ever seen on Aurora ice, stopping 41 shots with both ability and nonchalance. With Smith at top form and his teammates laying down a barrage of close checking, the Zephyr strategy of waiting for the breaks worked perfectly and they finished as strong as when they started.

While Ballantrae offered no alibis, it should be pointed out that practically all their players played at Markham the night previous and Left Winger Wild Clarke played with a badly wrenched back. Nick Bangay was an absentee too. It was the first time for both teams over the 60 minute route this year. Bob Peters made his first appearance in the Aurora rink this season and handled a well nigh perfect game, keeping the game well under control at all stages. Ballantrae drew six penalties and Zephyr five, but only one figured in any of the goal scoring.

Bun Hood nearly beat Smith on the first shot of the game and a few seconds later Pickering's golf shot just about eluded Boardway.

Three times in a row Ballantrae had excellent chances in close but just failed to click. Chub Spencely floored Mutt Collings with one of the neatest body checks seen this year but Collings just wouldn't be stopped. With both Cooper and Redshaw in the box, Zephyr failed to take advantage of a two-man margin. It was a great piece of defensive work. Again Zephyr had a royal chance with Simpson off for hooking but Boardway was too good. Peat and Clarke got the gate for roughing as tenseness increased.

With both teams even, Collings swept down the left boards and sent over a rink-wide pass to Clarkson Arnold which Arnold let fly at the net. Spencely tried to handle it with his glove and the rubber bounded past Boardway for the all important first goal. Zephyr outshot their rivals 11 to 6 in the period.

Ches Lunney set Ballantrae back on their heels as he notched what proved to be the winner at 2:45 of the second. Pickering, who did some great fore-check-

TRINITY CHURCH IS WEDDING SETTING

Trinity Anglican church, Aurora, was the scene on Friday, Feb. 15, of the wedding of Doris Helen Sutton, daughter of Mr. and Mrs. Harry Sutton, Victoria St., Aurora, and Murray James Hunt, son of Mr. and Mrs. James Hunt, Richmond Hill. The ceremony was performed by Rev. Canon F. J. Fife.

Given in marriage by her father, the bride looked lovely in a light blue street-length dress with flowered veiled head-dress. Her flowers were American Beauty roses. Miss Patricia Sutton was her sister's only attendant, and wore a rose pink street-length dress with flowered veiled head-dress. Her flowers were Sweetheart roses. Frank Young of Richmond Hill was best man.

Following the wedding a reception was held at the home of Mr. and Mrs. John Coulson, with over 40 guests in attendance. Mr. Harry Sutton received wearing a brown ensemble and a corsage of tea roses. Mrs. James Hunt assisted wearing a blue sheer dress with black hat and accessories, and a corsage of pink roses. Calla lilies and pink roses decorated the living-room, where the three-tier wedding cake was cut by the bride. Canon F. J. Fife proposed the toast to the newlyweds.

Following a short wedding trip they will reside in Aurora. The groom recently received his discharge from the R.C.N.V.R., with which he served for over three years.

OVER 20 ENTERED IN SALVAGE DRIVE

Aurora Board of Trade's big waste paper drive got off to a good start last Saturday with between four and five tons of waste paper being brought in by the youthful contestants. Over 20 contestants for the big list of prizes offered are entered, and Bobby Bull of Aurora topped all other contestants on opening day by bringing in 900 pounds of paper. Several others were not far behind.

"Children who didn't enter last week are still in plenty of time and can easily overhaul the leaders," an official said. "The contest lasts until April and some of the entrants won't be able to keep up the pace they have set. There are plenty of prizes, and none of the entrants or would-be entrants need to be discouraged."

Another collection day will be held next Saturday and entrants will again double-tie the paper and bring it to the rear of the Queen's hotel after 1 p.m.

REV. R. K. PERDUE RETURNS TO PARISH

Hon. Capt. the Rev. R. K. Perdue, who received leave of absence in 1942 from Trinity Church of England parish to enlist on active service, and who arrived home from overseas last month, will resume his rectorship at Trinity church on March 1. March 3 will mark his return to the pulpit at both morning and evening services.

Canon F. J. Fife, who has served as rector during Mr. Perdue's absence and has won many friends while in Aurora, will assume the rectorship of the Anglican church at Young's Point near Lakeside in Peterborough county. Canon Fife has given generously of his time in all community activities since coming to Aurora from Saskatchewan. Mrs. Fife has been busy in the women's activities of the church. Both have won many friends.

On Monday evening, Feb. 25, in Trinity parish hall, parishioners and friends will bid "au revoir" to Canon and Mrs. Fife and will officially welcome the return of Capt. and Mrs. Perdue.

FUNERAL SERVICE HELD FOR MRS. WM. DILLANE

Mrs. Mary Ann Dillane, widow of the late William Dillane died in Toronto on Sunday. She resided with her family for some years on Catharine Ave. moving to Toronto 12 years ago. She had previously resided at Kenilworth and in King township. She had been in ill health for some years. Surviving are three sons, Cecil, Jack and Ralph, and one daughter, Mrs. Dugald McDonald of Toronto. Funeral service was on Tuesday with interment at St. John's cemetery, Tecumseh.

COLLIDES WITH PLOW, SUFFERS SCALP HURT

Sydney Findlay, 66, of Victoria St. is confined to York County hospital following an accident early Saturday evening. Mr. Findlay was attempting to cross Yonge St. near Patterson's Bakery when he collided with the department of highways light snow plow, driven by Herbert Leppard, Highland Landing, which was going north. He was struck by the blade of the plow. He was attended by Dr. James Urquhart and later taken to York County hospital where he will be confined for some weeks. Examination found him to be suffering from a deep scalp wound, bruises and shock.

FATHER DIES

Mrs. K. K. Perdue's father, the late Benjamin Billesdon of Toronto, died suddenly at Toronto on Monday.

IN HOSPITAL

Mrs. A. A. Cook is confined to York County hospital. She is progressing favorably.

County Unit Becomes Part Of Canadian Infantry Corps

In the new reserve army set-up announced by Brig. Churchill Mann, G.O.C. of M.D. 2, the Queen's York Rangers (1st American) Regiment becomes part of the Canadian Infantry Corps, being included in the 5th Infantry Brigade with headquarters at Toronto. Included in the same brigade are the Irish Regiment of Canada, the Algonquin Regiment of North Bay (with companies at Halleybury, Kirkland Lake, Timmins and Huntsville), the Lorne Scots Regiment (with companies at Brampton, Oakville, Georgetown and Orangeville).

It is thought likely that the suburban companies of the Queen's York Rangers at Aurora and Weston will continue as in the past. It is pointed out in the case of the Algonquin and Lorne Scots Regiments, members of the unit's A. and T. staff are stationed permanently at the company centres, whereas the York county unit sends out members of the A. and T. staff to the suburban companies, the permanent staff being stationed at Toronto. It is rumored that a change in command of the Queen's Yorks may be expected shortly, as officers of the second World War have been given command of other units in the reserve army recently.

The famous Grey Simcoe Foresters, from the county of Simcoe, originally machine gun and later armored regiment, is now constituted as the 45th Anti-tank Regiment with companies at Barrie, Orillia, Owen Sound and Markdale.

It has been announced by defence headquarters that the Meaford range will be used extensively for reserve army training, so the probability is that when the annual reserve army training period arrives in the summer, the county regiment will train at Meaford in place of Niagara-on-the-Lake, although no definite announcement has been made in this regard.

Join Forces To Sell Town As Industrial Prospect

WITH THE FORCES

Pte. E. A. Rubel, Catherine Ave., who returned from overseas a few weeks ago, has received his discharge.

Lieut.-Col. C. R. Boulding, E.D., has relinquished his command at London Military hospital and will report to Toronto for discharge next week.

Dale King has commenced a pre-university course at rehabilitation school in Toronto.

Heath Hamilton, who received his discharge from the R.C.A.F. some weeks ago, is now employed as a salesman with a Toronto motor car firm.

WITH THE CHURCHES

FIRST DEFEAT

St. Andrew's College handed Aurora high school seniors their first defeat of the year, 4-3, in a North York southern group fixture at Aurora arena on Monday. The win left Aurora tied with Richmond Hill high school for group honors.

George Albert Claffield, Toronto, former Aurora resident, died in Western hospital, Toronto, on Sunday. Born in England, he served in the First Great War and was at one time a member of the Aurora War Veterans' Association. He was some years employed in the coal and wood business conducted by the late Alfred Butcher, moving to Toronto in the early 20's. He was a member of the Church of England.

He is survived by his widow, two sons, George and Sydney, one daughter, Daisy, and a sister, Mrs. Elizabeth Street. Interment was at Mount Pleasant cemetery on Tuesday.

Score Is Tied Again, Play-Off In Newmarket

Battling furiously for 90 minutes, Aurora and Bradford juveniles played to a 1-1 tie last Friday evening in Bradford to leave the O.M.H.A. group championship still tied and necessitate a third and deciding game. In their first game last week at Aurora, the teams tied 1-1, so 150 minutes of hockey has resulted in but four goals by both teams.

Aurora held a margin over the regular season, but the teams are as even as possible in the play-offs and the third game expected to be played in Newmarket tomorrow night should be a classic.

Boychoff, Bradford right winger, got his team's counter following a scramble in front of the Aurora nets in the first minute of play, Smith's vision was blocked by players lying on the ice, and he had no chance to save.

It was not until the second period that Billy McGhee tied the count for Aurora. It was a picture play effort with Walt Davis setting up the counter by some fine stick-handling and McGhee making no mistake from in close.

The last period saw Dyece James play standout hockey in the Bradford nets to save the day for his team. Three ten-minute periods of overtime were played by an O.M.H.A. ruling in such matters, and both teams were dog tired at the finish. Bob Peters of Newmarket handled the game and his work pleased both fans and players, even though Aurora drew the most penalties. A \$51 gate set a new high for district kids' hockey.

Loring Doolittle, Bill McGhee and Eric Smith were best for Aurora, with James, Brinkos and Boychoff looking best for Bradford.

Aurora: goal, Smith; def., Doolittle, Patrick; c. Simmons; wings, Davis, McGhee; subs., Nigh, Brodie, Patrick, Van Nostrand, Baber.

Bradford: goal, James; def., Lott, Brinkos; c. Coates; wings, Boychoff, Wanamaker; subs., Lundy, McVoy, Harvey, Fuller, Simurda, Kuhl.

Newmarket Midgets Tied 2-2 In Hard-Fought Tilt

Aurora and Newmarket midgets battled to a 2-2 tie at Aurora arena on Monday night. The local youngsters seeking O.M.H.A. honors were minus Bill McGhee and Bruce Rose, two important cogs in the machinery, and appeared badly disorganized.

Bill Attridge opened the scoring in the first period as he combined with John King, Laurie Thoms, who played a star game for Newmarket, got that one back as he fired from just inside the blue line to fool Kyle. Neither team scored in the second period although Aurora had an edge in play and Ron Monkman stopped plenty of rubber. Keith Kyle saved Newmarket had the edge in play. Ron Simmons put Aurora in front as he fired home Walt Davis' pass with about five minutes to go. Jim Rutledge provided the fireworks for the visitors as the big right winger picked up a loose puck and fired from close in for a nice goal.

Thoms, Rutledge and Monkman played best for Newmarket while Kyle, Davis and Simmons were the best for Aurora. Stewart Patrick refereed.

Aurora: goal, Keith Kyle; def., Jack Andrews, Walt Davis; forwards, R. Simmons, J. King, W. Attridge; subs., Jim McDonald, Jim Cook, Gerry Simmons, Walter Tunney.

Newmarket: goal, Ron Monkman; def., Grant Firth, Don Wilkins; forwards, Laurie Thoms, Jim Rutledge, Don Gibson; subs., Ron Covey, Bill Stewart, Ian Brown, Bill Kirbyson, Bill Hillaby.

AURORA MIDGETS WIN IN OVERTIME GAME

Aurora midgets, in a spectacular overtime game Tuesday night, defeated Newmarket 9-0 and now proceed against either Oakville or Hillsburg in the O.M.H.A. playdown.

The game, played at Newmarket, went three periods of overtime and in the final ten minutes, the superior condition of the Aurora kids told. John King, Ron Simmons and Bill Wilkinson came through with the needed tallies.

Play was even in the regulation and first two overtime periods but King's breakaway broke up the game. Monkman and Kyle, the rival goalies, both played spectacular hockey throughout.

Ballantrae-Zephyr Finalists, Combines Protest Game

In the semi-final games of the Aurora town hockey league, Ballantrae and Zephyr, which have led all year, emerged as finalists for the John Bowser trophy and the right to proceed against the Newmarket mercantile winners.

Ballantrae had its hands full with Vandonf-Aurora Combines, finally winning 2-1 with Red Cooper beating Saigle with a blazing shot the lanky netminder just failed to handle. Both teams were short players with Combines being the worst off in this respect. Alf Cotey made his debut for Combines and was one of the best on the ice.

Bob Redshaw took Herb Simpson's pass at 11:25 of the first to open the scoring. Vandonf claimed another goal which the goal judge failed to flash and Referee Ewart Pinder would not allow. From there in Vandonf had the game under protest. Norm Taylor evened the score on a lone rush at 6:20 of the second and both teams battled desperately for the tie-breaker. Both Saigle and Boardway turned in superb goal tending although Saigle had the most shots to handle. On last period play, Ballantrae deserved a goal and got it. On the night's play, a tie would have pleased the fans and been about right. The protest filed has been referred to the league executive.

Zephyr ran roughshod over Orndance, Leon Smith scoring a shutout while his mates banged home ten goals. R.C.O.C. held the Blues to a lone goal in the first period from the stick of Pickering and were unlucky not to have a tie. In the second, Collings and Groves scored to make it 3-0. When a long shot bounced in past Coleman at the start of the third it was all over and Zephyr continually broke away from ganging attacks to run up its lead. Roy Collings received a nasty gash over the eye which forced him to retire. He had picked up five scoring points on the night and might well have added to his total. C. Lunney, Pickering and Theo Sutton were also mighty good on the night's play.

Dominion Textile IS HELPING
CANADA AND CANADIANS TO MEET THE
PROBLEMS OF THIS PERIOD BY:

1. Giving year-round employment to thousands of Canadian men and women; we employ 30 per cent. more now than before the war.
2. Paying wages which total more than twice the 1939 payroll.
3. Producing and delivering a steady stream of cotton goods for Canadian consumers, even more than the great quantities we turned out in pre-war times.
4. Guaranteeing, as a result of our years of experience, a peak of quality and durability in these materials.

With a bin full of coal and a larder full of food, you might well face a cold week-end with confidence. The fact that you do not have a bin full of electricity somewhere does not worry you. Hydro has proved to be so dependable. Yet, electricity cannot be stored. . . must be made and delivered the very instant you use it. That is "Hydro Service".

Suppose it is 2 a.m. The baby has just fallen out of its crib. Half awake, you reach for a switch. You want light fast. You get light instantly. Yet the electricity that lights the lamp is made after you flip the switch . . . made at the source of water-power, perhaps hundreds of miles away. It flashes to you through many miles of transmission lines, through transformer and distribution stations, and you use it before the water that makes it can leave the powerhouse. One single break or failure in all those miles of wire and equipment might cut off your light . . . and newspapers would write about it, it would be so unusual.

To keep all those millions of dollars worth of equipment operating, with no mistakes or serious interruptions, is the continuous job of a large and wide-spread staff of watchful Hydro employees. Yet, the cost per unit of power is very low. Ontario power rates are among the lowest in the world. That is "Hydro Service".

DOWN THE CENTRE

By AB HULSE

Play-off parade is now pretty well underway at all parts. The Ballantrae-Zephyr series at Aurora is attracting widespread interest and there is no doubt the "serious" ones from Newmarket camp and Jack McDonald's veterans which starts tonight will draw the biggest gates of the year for Canaltown. Anything can happen and probably will but the majority of the district fans are calling Ballantrae at Aurora and the camp at Newmarket. The games between the two leagues will probably get underway at Newmarket next Thursday unless a third game is necessary.

Richmond Hill mercantiles are starting their semi-finals tonight with Combines, the league leaders, meeting Woodbridge and Richmond Hill clashing with Maple. The latter have Saigle, Foster, Shropshire, Jones and Sutton of Vandorf in their line-up. It would seem a certainty that it would be well into March before these clubs would have a winner declared and as happened last year, the weather made it an impossibility.

Tomorrow night at the Hill, the junior B team coached by Charlie Rowntree meets Scarborough Rangers. By virtue of a fast finish which saw them score three straight wins, Oshawa flitted past Richmond Hill to finish in first place since Varsity withdrew. That didn't please the Hill any as it had been counting on first place and a round with Markham which finished in fourth place. Now the Hill are hooked with Rangers and it would appear a toss-up. Oshawa is favored to take the round with Markham.

Thornton and Stroud (they eliminated Schomberg) are meeting in the South Simcoe O.R.H.A. group for the right to continue in intermediate B while Scotch Settlement is awaiting a chance to play the Alliston winners in the O.R.H.A. A series. There are those who like to try to analyze what's going to happen in any game and a search of the records of the Aurora-Newmarket league is more than interesting. With the assistance of our man Friday (George Haskett), we have whipped up a bunch of statistics that are revealing to say the least. Here are the leading scorers who have amassed at least five scoring points over the regular route:

	G.	A.	Pts.
Biocchi (Army)	13	6	19
Simpson (B)	4	12	16
Collings (Z)	9	5	14
Life (Army)	5	8	13
Peterman (N.M.)	7	4	11
Wrightman (N.V.)	4	6	10
Pickering (Z)	6	3	9
C. Lunney (Z)	4	5	9
Johnson (N.V.)	4	5	9
Ingram (Army)	6	3	9
Gibney (N.V.)	6	2	8
DeLory (Army)	5	2	7
MacInnis (N.V.)	4	3	7
Evans (N.V.)	4	3	7
Borthwick (Army)	5	2	7
Russell (N.M.)	5	2	7
Groves (Z)	3	4	7
Brown (N.V.)	2	4	6
Jelley (N.V.)	3	3	6
Derusha (B)	5	1	6
Redshaw (B)	2	4	6
Jones (V)	4	2	6
Stephens (V)	4	1	5
Cooper (B)	4	1	5
Bone (N.V.)	3	2	5
Laviolette (R.P.)	3	2	5
Clarke (B)	3	2	5

Terry Biocchi, who heads the scorers, would probably be rated as the best individual performer in the league and he wasn't stopped in a single game. Look at that 20 minutes spent in the sinbin, if you want to find a weakness. Herb Simpson, probably the most colorful figure in the group, finished strongly and nearly overcame Biocchi. Herb, unknown to the fans, has been bothered with a Charlie horse most of the year. If you or I had it we wouldn't even be skating. Mutt Collings, who missed two games over the schedule, might have been higher in the standing but isn't complaining a bit. Jack Life, out one game through injuries, would be higher normally.

Mickey Lutes of the camp, now confined to Chorley Park hospital with a broken bone in his foot which is coming along nicely, is the head man in the matter of penalties. Lutes, who previously played with Moncton Panthers and London Juniors, has a 28-minute total in durance vile. He is a boxer of more than average ability, too. The camp rates second and third place in the penalty list, Biocchi being next and Borthwick right on his heels. For rugged play the Caswell clan have a wide margin on the rest of the teams and they have spent nearly 40 minutes more in the box than their opponents.

Now don't get the idea the camp has been playing short-handed more than the others to any great extent. Actual records show that it was playing against the soldiers most of the other teams got the majority of their penalties. In other words the camp made the other teams play their style of play most games and we think we are safe in saying that no team in the league can take advantage of the odd man like Chuck Shannon's proteges.

To beat the camp (and that's what most of the fans seem to want to see happen), it's going

to be necessary to: 1. stop Biocchi; 2. stay on the ice; 3. beat Bing Caswell. A pretty large order but there's the formula as we read it. There is not much (except some extra ceegars) that would please Jack McDonald more than to take a fall out of his old buddies.

Ballantrae has the cleanest record as far as hoeseog halos are concerned. The Whitechurch-Stouffville-Claremont crew have only spent a total of 14 minutes in the penalty box and they have some solid senders too. Clean play has characterized them every time out and strict refereeing is a distinct break for the Ballantrae lads. Alvin Bowdway, who guards the nets for Herb Simpson's team, has regained his form in recent games after a poor start and if he can hold up, the team has a real chance. No player in the group deserves more credit than Bowdway. Handicapped by being deaf and dumb, small in stature and consequently having more net to cover than most, the Stouffville boy has been going a good job year after year. He has not received the best treatment in the world either. He played steadily with Markham juniors but was several times ousted in favor of so-called better reminders. When these faltered or were unavailable he always came back for more.

We know Al won't mind our repeating one of the best stories of the year which occurred at the Aurora arena not long ago. One of the Ballantrae supporters who had been a bit too familiar with the grape was attempting to explain one of Bowdway's off games. "Remember chum," sez he, "Bowdway is the only goaltender in the league who can't hear the puck coming." Brother, when they send them that fast, we're going to move out of the rink.

How fast does a puck travel? Experiments recently carried out by Dr. Dana Warren of Omaha

University, eminent physicist, with the Omaha Knights of the American Association, shows the average speed of a hockey puck to be 83 miles per hour. A gadget known as an oscilloscope was used, one set of photo-electric cells being in front of the blue line, another 55 feet away across the net. The players kept firing away and the net average was taken. Take that for what it's worth.

Joe Rocci of Bradford made his first appearance of the year with Zephyr Blues last week and he looks like a valuable addition to the team. He was on their list in time and the Blues need him badly for they have been playing understaffed most games. This is the same chappie who refereed the now famous Newmarket-Bradford juvenile game in Bradford. The stories as told by Rocci and by Bradford as compared to those emanating from Canaltown don't gibe exactly except to indicate there was a distinct disagreement on facts and conduct all the way around.

George Stark, former Aurora junior speedster, appeared in action for Vandorf too late to do the Vandorf team any good. The same goes for Alf Cotey, formerly of Waterloo Siskins. Stark, who comes from Willowdale, has added weight while in the army and looks mighty good. Cotey, one of Waterloo's famous brother acts, played last year at Borden with No. 2 C.A.C.T.R. and he is now employed in Aurora. As the season ended, Vandorf looked almost as good as any team in the league. Poor condition at the start and inability to get players as needed told a sad story for Leo Nidderly's stylish pack.

Nick Bangay of the Highland Creek Bangays, former Markham junior and intermediate and Newmarket camp flash, has qualified to play for Ballantrae and his first appearance of the year looked good as ever. Nick is also scheduled to play for Markham intermediates which have secured a bye into the O.H.A. intermediate play-offs. The Markies will be plenty good. Bob Bangay, the old dipsy-doodler of district hockey,

is expected home from overseas any day now and will join the team. Bob has been getting in some hockey overseas, something Nick wasn't able to do. Jack Harper is expected to come out of retirement for goal and he should still be able to do a good job.

Austy Baker, one of the highest scoring junior wingers ever to wear a Markham uniform, back from duty with the fleet air arm, is scheduled to play again and Ernie Lawrie, who served with the postal branch of the R.C.A.F., and his younger brother, Bob Lawrie, who teamed with Baker and Bob Bangay as a unit, will be performing as of yore. Skippy Northcote, small sized package of dynamite with weight and a bit of height, will roam the ice lanes once again. Northcote was always the storm centre of the donnybrooks and had plenty of color. Harry Milroy, ye olde master of the pivot post of Sutton Greenshirts

fame, is another prospect who can really dangle and then of course we have big Ike Harper, former Markham stalwart and on the Ballantrae eligible list. Ike has been busy with his Stouffville junior C club which bowed out to Whitty and is now engaged in a home and home exhibition series against Lucknow juniors who feature the famous Chin brothers (one Newmarket born) on their lineup. Several other stars of other years, the pick of the bush league players down south plus the addition of the best of Markham juniors once they are eliminated, give Markham a potential title team if it can get by the first round and work into shape. Jack Barkey is looking after the business affairs and last reports, Vandorf Combines with the addition of one or two players, were expecting to play an exhibition game down south and perchance stage a return

FOR QUICK RELIEF OF
 HEADACHE & Other Pains

(Continued From Page 8)

Minor murmurs: Stouffville
 has dropped out of juvenile "C"
 competition. Under the O.M.
 H.A. rules, any minor player
 who plays four O.H.A. games
 can not compete further. That
 canned most of the roster Stouff-
 ville had been depending on to play.

Grant Nighswander informs us
 that Richmond Hill will not be
 in the O.M.H.A. series this year
 but will stick to the Toronto
 Hockey League where they are
 pretty well satisfied and if they
 win there they may represent
 Toronto in the provincial play-
 downs. The Hill minor midgets
 are as yet undefeated while the
 minor bantams still have a
 chance to win their group. Big
 Jack Atkinson, the Hill bantam
 baseball hurler is playing smart
 defence for the Hill midgets and
 it is too bad Aurora didn't think
 of signing him in time. He
 would have made a nice addition
 for the play-offs.

By the time you read this, the
 winners will have been decided
 in both midget and juvenile
 rounds for the district titles
 after hectic series. Midget draw
 finds the North York winner
 meeting either Oakville or Hills-
 burg (Wellington county) in the
 next round. Juvenile draw finds
 the next opposition for our
 youngsters being furnished by
 either Bolton or Stayner. With
 the exception of Bolton those are
 long trips for youngsters to take
 and after those rounds, the lads
 will really be seeing Ontario the
 hard way if they make the grade.

It has always been our conten-
 tion that below juvenile "A", the
 big cities' entry, and junior "C"
 in the O.H.A. junior ranks, kids'
 hockey championships should
 not go beyond county bound-
 aries. One of the big faults we
 Canadians are prone to make is
 to stress the winning of a
 championship too much and to
 take in too much territory in so
 doing.

The Lake Simcoe Softball cir-
 cuit is going to come to life again
 with a bang this season, thereby
 providing some great entertain-
 ment among the smaller centres
 of the county and some excellent
 competition too. A meeting, we
 learn via the grapevine, is card-
 ed for next week, and already
 Mount Albert, Sharon, Queens-
 ville, Baldwin, and possibly
 Zephyr or Pine Orchard are be-
 ing considered for franchises. If
 we recall rightly, the last series
 was played around 1941, with
 Keswick and Mount Albert
 deadlocked in a series that never
 was decided. The war which
 saw rosters completely denuded
 of players in some cases, caused
 a fold-up from there on.

Howard Morton of Mount Al-
 bert (Hi Mort!), is one of the
 men behind the reorganization
 plan along with our old friend,
 Percy Mahoney, of Keswick,
 Lynn Farr, Byron Aylward and
 other northern sportsmen. It
 should be a big year up north
 when the sound of "play ball" is
 heard.

 party at Queensville rink on
 February 14. An enjoyable
 afternoon was spent.

Mrs. Robt. Davidson, Belhav-
 en, was the guest of Miss Maud
 Fairbairn, Belhaven, on Tuesday
 afternoon.

Mrs. Geo. Williams, Toronto,
 spent last week at the Hall and
 Broderick home and called on
 old friends.

The W.A. quilting at Mrs.
 Stuart Stickwood's was well
 attended on Tuesday.

Mr. and Mrs. Ross Smith,
 Barrie, were recent guests at
 Mrs. Stuart Pegg's.

Sympathy is extended to Mr.
 and Mrs. Stuart Pegg and fam-
 ily, also the Smith family in the
 loss of their mother, the late
 Louise Smith, Toronto.

Mr. and Mrs. Stuart Stick-
 wood were supper guests at Mr.

 ly.

O.M.B. WILL MEET

A meeting of those interested
 in the formation of an Ontario
 Minor Baseball Association will
 be held on Sunday afternoon,
 Feb. 24, at 2.30 p.m. in the Royal
 Connaught Hotel, Hamilton.

Local baseball interests are
 invited to have their represen-
 tative attend this meeting or to
 favor Dr. H. J. McCann, 39 Rag-
 lan Ave., Toronto 4, with a
 letter advising of their interest
 in such an organization and re-
 garding their local baseball ac-
 tivities.

he can hardly reach the charm-
 ed circle of scorers, but along
 with Johnny Holota of Omaha,
 he holds the record of requiring
 only 12 games to score at least
 one goal against every other
 club in the league. At this stage
 there are only 17 players in the
 entire league who have done the
 same feat. McComb completed
 the feat on Dec. 23 but the pres-
 ident, Morris Poddloff, has just
 got around to releasing the item.

From Tulsa comes word that
 dark-haired Billy Wilson, former
 Aurora junior and R.C.A.C.-Navy
 star, and one of the most popu-
 lar players to perform in these
 parts, is out with an injured foot
 and probably finished for the
 season. Billy broke a bone in his
 foot some weeks ago, and it has
 not progressed as favorably as
 expected. It is doubtful if he
 will see action again this year,
 and he and his wife are expected
 to come to Newmarket in the
 near future. Billy was having a
 big year with the Oilers, which
 are tied-up indirectly with the
 Toronto team and his loss is a
 serious blow to Gus Marker's
 boys who are still very much in
 the running for the American
 Association title even though
 down around fourth or fifth in
 the standing. No need to say
 that Scotty Mair is still percolat-
 ing for Tulsa and is one of the
 top snipers on the team and
 moving-up fast in the league
 standing.

Another record for Joint Mc-
 Comb in the American League
 which we omitted to mention is
 the one he set on Dec. 30 when
 he scored a goal against Hershey
 in exactly six seconds which
 leads all other marks in the
 league this year. There are 18
 players in the circuit who have
 scored goals under the 20-sec-
 ond mark. Yes indeed, those
 former Aurora juniors, the en-
 tire trio from Newmarket too,
 have been turning in some
 sensational performances this
 year.

Nine veterans are performing
 for the Richmond Hill team
 which is meeting Maple in the
 Hill play-offs. The list includes
 three former Aurora juniors,
 Norm Mabley, Bill Beresford and
 Tubby Narrow, ex-Hill juniors
 Hal Patton, Wiek Mills and
 Brydon Ellis, softballer, Tim
 Saul, the second base ace, and
 Len, Hollowell. Add to that
 youngsters like the Rumney
 brothers of Stouffville juniors,
 Bud Jones, Ev. Baker and the
 veteran, Doug Palmer, who was
 one of the King-Schomberg stal-
 wards, and you can see that
 Manager Norm. Boore has a
 fairly strong club to be reckoned
 with.

Play-offs? All we can say for
 the kids is watch the billboards.
 For the mercantiles, it'll be
 Tuesday at Aurora, with possi-
 bly another night each week de-
 pending upon arrangements, and
 Thursday at Newmarket with
 Monday looming as the other
 logical night. The heat's on,
 and judging by all comments it's
 going to be a case of first there
 get the best seats. Try and get
 in.

SNOWBALL

A large crowd gathered at the
 Women's Institute "Community
 Party" in the school house last
 Friday night.

The men's committee had ar-
 ranged a varied and interesting
 program. The school children
 sang choruses accompanied by
 their teacher, Mrs. Mitchell.
 Mr. Elmer Johnston, Pine
 Orchard, entertained by recita-
 tions and rope-tricks.
 Mr. Lake of the Hydro Electric
 Power Commission Public Rela-
 tions Office, Toronto, showed
 moving pictures of "Power on the
 Farm" and some sport reels.
 The ladies served lunch. The
 evening finished with dancing to
 the music of the Aurora Melody
 Makers.

The used clothing collection
 for European war sufferers was
 well responded to and the Wo-
 men's Institute is still holding
 this collection open for further
 donations. Anyone having cloth-

ing to donate please leave with
 Mrs. Farren, Sr., the clothing
 convenor.

PLEASANTVILLE

MINUTES OF FIRST
MEETING ARE READ

The community was saddened
 Thursday morning to learn of
 the sudden passing of Mrs. Janet
 Storey who resided with her
 daughter, Mrs. A. M. Colville.

Mrs. Clarence Fisher is con-
 valescing after an appendix op-
 eration at the home of her par-
 ents, Mr. and Mrs. A. Sheridan.

Mrs. Doug McClure and little
 Roger accompanied Mr. and Mrs.
 D. Coates, Sharon, to visit
 friends in Toronto last Wednes-
 day.

Mr. and Mrs. J. Wallace, Tor-
 onto, called at the Colville home
 on Sunday.

Miss Erma Taylor, Toronto,
 spent the weekend with her
 sister, Mrs. Earl Toole, Mr. Toole
 and family.

Several from here attended the
 Ice Follies in the Newmarket
 arena last week.

Mrs. L. Martin and a friend of
 Toronto visited for a short time
 with Mrs. Martin's son, Albert
 Martin, at the home of Mrs. G.
 McClure.

Mr. and Mrs. M. Sheridan had
 Monday dinner with Mr. and
 Mrs. E. Bateman, Snowball.

There was a good attendance
 at the Bogartown club last
 Wednesday evening. Geo. Lues-
 by, Newmarket, was present with
 his slides. Delbert Gibney was
 comedian. Garnet Williams and
 Stuart Toole gave a couple of
 selections. Music was supplied
 by the Johnson trio. The first
 minutes of the commencement of
 Bogartown club 20 years ago
 were read by Mrs. Chas. Hunt.
 The committee in charge served
 lunch to all present. Pine Oreil-
 and club will be guests at the
 meeting on March 1.

Dr. W. L. Carruthers Plans To Resume Practice Soon

Major Walter L. Carruthers, Mount Albert, is leaving the Canadian active army after over five years of service. He received his appointment in November, 1940, and served in Canada and on the North Atlantic as senior medical officer on ship's conducting staff.

He served four years in the First Great War as a private in the Fifth Field Ambulance, later receiving his commission in the Canadian Machine Gun Corps where he served until the end of the war.

Major Carruthers plans to attend a refresher course in medicine, surgery, obstetrics and pediatrics at the University of Toronto before returning to his practice in Mount Albert. He expects to be back in Mount Albert about the middle of March.

MOUNT ALBERT LORNE E. PAISLEY WEDS IN BOLTON

On February 1 at 7.30 p.m. in the Presbyterian manse, Bolton, the marriage of Dorothy May, eldest daughter of Mr. and Mrs. H. E. Stewart, to Pte. Lorne Everett Paisley, eldest son of Mr. and Mrs. Clayton Paisley, Mount Albert, was solemnized by Rev. F. G. Fowler.

The bride wore a street-length gown of printed ramada jersey with brown accessories. She was attended by her sister, Isabel, gowned in figured silk jersey with dark brown accessories. The groom was attended by his brother, Stuart, Toronto.

After the ceremony a reception was held at the home of the bride's parents. The couple will reside in Toronto after a short honeymoon.

S.A. YOUNG PEOPLE HAVE ANNUAL MEET

Rev. A. B. Stein, Christian church pastor, was the chairman of the Salvation Army Young People's annual meeting held on Monday, Feb. 11. The service was opened by the singing of Onward Christian Soldiers. Capt. Byrant Stevens, Aurora, opened the service in prayer. Zilpah Lavender read from the Scriptures, after which Capt. Arthur Robinson introduced the chairman.

A period of hymn singing was followed by a song by the primary class. Corps Cadet Noreen Kirby sang a solo. Carl and Lowell Woodruff played a musical number, followed by a recitation by Audrey Trumble. Wilma Robinson sang a solo followed by a tableau and drill by the Brownies.

Sunday-school and directory class prizes were then presented. A sound and technicolor film of some of the work done by the Red Shield in Canada and across the sea and a film on the serving army were shown. Capt. B. Stevens pronounced the benediction.

THE GROSBEEKS

By Golden Glow

How often do we hear the old expression, "Oh a little bird told me!" Well, and how often the birds do tell us! If you have been watching the grosbeaks you will have seen that their appearance in our gardens invariably means a storm of some kind. They were here today, Tuesday, and look what we are getting this evening as I write this small article! Sleety snow and plenty of it—with a raw east wind thrown in, for good measure!

Mother Nature tells us—warns us, shall I say, of impending storms. Look at the wonderful Northern Lights a week ago last Thursday—the more wonderful they are the more weather we get very soon after. Maybe I imagine things but surely nature was telling us to watch out for last week's terrific wind storm. It was a wicked storm—as pictures in the paper showed us—down around Etobicoke and Long Branch and other parts along the lakes, to say nothing of our own share inland.

The other night I was awakened by a peculiar rushing sound—I lay listening and saying to myself it can't be the wind, it goes on and on—then I thought it must be a car, all the time knowing it wasn't a car. So I slipped out of bed and over to my window—drew aside the curtains, expecting to see the branches of the tree opposite my window switching and waving—but no—everything was as still as still.

So I looked up at the sky and, to my utter amazement, I saw a wonderful sight, four huge stars fairly blazing with light away up in the northwest sky in the formation of a square. I looked to see if there were any ordinary sized stars out as well and there were but these four were so extra large I couldn't believe my eyes. How I wished I knew something about the starry heavens—for I felt the strange formation, up in the north where you seldom see many stars, must indeed have meant something special. I got up again a while later for another look but they had gone. If you see the grosbeaks out again in numbers as we did today, watch out for "more weather!"

AURORA

MARCH 6 CHARTER NIGHT FOR LEGION

Wednesday, March 6, has been officially named as charter and initiation night for Aurora branch, 385, Canadian Legion B.E.S.L. The event will be held in the Aurora high school auditorium and present for the occasion will be high ranking officers of the Ontario command.

At present 75 have signed application forms and the executive urges any veteran who intends to join to fill in his application without delay. The procuring of membership cards, official buttons, constitutions, seating arrangements and rationals are all closely linked with the attendance of members, and the executive is desirous of having the meeting adhere closely to schedule.

AURORA NEWS

TELLS SUCCESS STORY OF LOCAL POULTRYMAN

E. H. "Ab" Stoltz of Aurora, livestock editor of the Farmer's Magazine, has an interesting feature story on Ray Marshall, Kettleby poultryman, in this month's issue of the magazine. It is entitled Started With 100 Hens and tells the 12-year success story of the young King township farmer who started from scratch and now plans 6,000 - 7,000 laying hens for 1946 as well as expanding a hatchery program.

Efficiency in all departments, labor saving devices such as an elevator, conservation of space, plus good business sense are the reasons for Mr. Marshall's success, the story says. In addition to being an outstanding poultryman, Mr. Marshall is a talented amateur artist. "Specialization" is the answer to the farm problem if Mr. Marshall's story is to be taken as a criterion.

WM. EDWARDS NAMED AGRICULTURAL HEAD

William Edwards is the 1946 president of the Schomberg Agricultural Society which will function as usual next fall. The 1945 executive were nearly all returned to office with Boyd Proctor named as vice president and two new lady directors, Mrs. Frank Barnes and Miss Helen McCutcheon, being named. Grants have been made to the Schomberg library, York county federation of agriculture and King township Red Cross.

ST. ANDREW'S CHURCH HOST TO CONFERENCE

Presbyterian young people from all parts of Toronto and district will invade Newmarket this coming weekend for their annual conference. This will be the third time within ten years that the locale of the conference has been St. Andrew's Presbyterian church, Newmarket. The executive of the Young People's Societies of the presbytery of Toronto will be in charge of the program. The young people will arrive by chartered coaches on Saturday afternoon and will be billeted for the night in the homes of the congregation.

The program of the conference begins on Saturday afternoon with a song service and registration, followed by addresses and discussion. Then a banquet will be served in the Sunday-school room, followed by an evening of fellowship.

On Sunday morning at 10 o'clock there will be a special communion service, conducted by Rev. A. McLean, minister of Westminster church, Willowdale. The minister-in-charge of St. Andrew's, W. I. McElwain, will preach at the 11 a.m. service. Addresses and discussion groups will continue in the afternoon, beginning at 2.30 p.m. A song service will precede the evening service, which will be conducted by the Young People's executive.

Rev. E. A. Thomson, B.A., secretary of the board of Sunday-schools and Young People's Societies, Presbyterian church in Canada, and well known from coast to coast, will be the theme speaker. Mr. Thomson conducted the anniversary services at St. Andrew's in 1944. Following the evening service there will be a fireside and rally, led by Lieut. Keith McGown, just home from service with the Canadian army overseas.

The conference is the first to be held outside of Toronto since 1942 and promises to be the largest in several years.

PROBE BREAK-INS OF WILCOX LAKE

County Constable Aubrey Fleury is investigating a series of break-ins at six Lake Wilcox cottages. The entry was discovered on Sunday by Gordon Craggs, Toronto, who had made an inspection trip to his cottage. Because the owners reside in different parts of Toronto, it will be some days before the exact amount of goods taken will be known but it is believed to be extensive. Clues available lead to the belief that the robberies took place either Saturday night or early Sunday.

PRESENT 50-YEAR JEWELS TO BROTHERS

A ceremony unique in district lodge history took place on Monday, Feb. 11, when members of Lodge Loyalty No. 74, Sons of England, Aurora, journeyed to the home of Wilmot and Teevil Appleton near Aurora and presented the brothers with veterans' jewels, signifying 50 years of membership in the order. W. Appleton joined the order on August 1, 1894, and his brother joined on July 3, 1895.

The presentation was made on behalf of the lodge by Past District Deputy E. J. Eveleigh, Aurora. The Appleton brothers recalled events of the past and deceased members. Other 50-year jewels have been presented but it is believed to be the first occasion when two brothers have been similarly honored at the same time.

SUFFER UPSET

After leading the Aurora Lions bantam league all season, Rangers were eliminated by Bruins in a sudden-death fixture played Monday night. Bob Warlow blasted home three for the winners with Brown and Hawkins getting the others. Stocks (2), Comfort, Rank and Parsons scored for the losers. Bruins now meet the winner of the Red Wings vs. Maple Leaf game for the championship.

ATTEND PARADE

Members of C Coy., Queen's York Rangers, journeyed to Toronto on Wednesday evening to attend a muster parade of the county reserve unit.

ATTENDS MEETING

Mrs. L. C. Lee attended an executive meeting of the Ontario Women's Liberal Association in the King Edward Hotel on Tuesday. Farquhar Oliver, M.P.P., was guest speaker.

SPEAKS TO GUIDES

Rev. Roy Hicks addressed Aurora Girl Guides on Tuesday evening in the Aurora high school. Mr. Hicks reminded the troop of the importance of their work and the splendid work done by the Girl Guides throughout the war.
